Dear Editor

UPGRADE THE A 303

A petition to upgrade the A303 through Somerset, Dorset and Wiltshire to a continuous dual carriageway has been placed on the Prime Minister's website. I urge all your readers who have experienced the frustrations of negotiating A303 bottlenecks and sitting in long, fume-filled traffic queues to sign the petition –

My work as an MEP for the South West necessitates my driving regularly up and down the A303 to meetings with constituents. It is a journey which I dislike for it is fraught with tensions. The repetitious stop and start journey experienced by drivers often gives rise to dangerous risk taking and incidents of road rage. Road improvements need to be made as soon as possible to make it a safe route.
